This is a transcription of a hand-written request to book the theatre for the next 1½ years, notably after the only the first event, June 14, 1993. It shows my immediate realization that this would be a permanent, consistent weekly program.

1900 Fort Street
Victoria, B C V8R 1J8

Dear Sirs,

This letter is to request bookings for the VHMA [sic] Theatre for Mondays 6-9:30 and some Mondays 1:30-5:30 (depending on responses to matinees) throughout 1993 and 1994 to show video movies and serve simple refreshments (in the lobby). Two sample playbills are included as is a suggestion questionnaire and concept statement. I understand that our use can be bumped by priority bookings for Hospital Society Functions but would appreciate as steady access as possible as consistency is a key to the success of the program.

The idea is mine but is supported by members by members of the V I Depressive and Manic Depressive Society and other "consumers. Hopefully the program will earn the support of EMP hospital as a resource for its patients.

Yours sincerely
Bruce Saunders
