TESS

This 1979 adaptation of Hardy's Tess of the D'Urbervilles. Handsome, evocative, (long at 170min.) and engrossing. Natassia Kinski plays the strong willed girl from a poor nily whose fortunes rise and fall when she is foisted onto polite society. It won Oscars for cinematography, art direction, and costumes. Pg

STEVE MARTIN EDDIE MURPHY BOWFINGER

Steve Martin plays an aspiring film maker with more ingenuity than... well most anything else. It's a character that must have been inspired by indie film legend Roger Corman. Bowfinger plots to make a really low budget feature with a mega star (Eddie Murphy) without him realizing he's in the movie. Complications ensue. Pg13

Plus a new 12 min film- BUY BUY WORLD Battle in Seattle
Featuring: David Suzuki, Maude Barlow, Ralph Nader, Ken Georgetti, and 50,000 others

A new video release, Canadian-made in Bombay, portrays a modest man challenged by his world becoming increasingly complicated on several fronts within his household, at work, and when an old acquaintance involves him in a dangerous political intrigue. "In conjuring the fragility of life, the film achieves a bittersweet pathos." A rich and human story. Pg13

The Buena Vista Social Club

A Wenders' acclaimed documentary that traces Cuban music legends, old folks, Ry Cooder recently rediscovered and invited to the world stage. Be ready for a useful tour of the back streets and faded stories of Havana and some damn fine music, all the way to Carnegie Hall. G

The life of dumpster divers in Calgary is explored in this excellent documentary. The "art" of diving, why they're there, and what keeps them there. Editor Jack Morbin who now lives here and works in the industry in Victoria will be with us to discuss the project and this style of film making. Preceded by a short, James O'Reilly In Parkdale, a walking tour of what was once the playground of Toronto, now a holding tank for the city's drug addicts, street-people, nearby mental hospital outpatients - and a playwright. Pg

A close and eccentric little family that lives in the flight path of an airport decides that nothing should force them to leave their beloved bungalow - no matter "what they're askin'". An offbeat, warm-hearted comedy from Australia. Pg
