COMPLETELY CUCKOO

USA 1998 Director: Charles Kiselyak
87 min PG13

A riveting documentary, *Completely Cuckoo*, captures the transformation of Ken Kesey's ground-breaking novel 'One Flew Over the Cuckoo's Nest' into the Oscar-winning Best Film of 1975. Michael Douglas, Milos Forman, Ken Kesey, Danny DeVito, Christopher Lloyd, Bo Goldman and others (but not Jack!) revisit their remarkable film, including its unique on-site filming at an Oregon State psychiatric hospital.

The screening will include presentations
and a post-screening panel discussion with:

Dr. Dean Brooks

Superintendent of Oregon State's psychiatric hospital during the filming of *Cuckoo's Nest*, in which he also acted in as Dr. Spivey.

Mr. Bruce Saunders

Founder of Victoria's innovative and consumer run *Movie Monday & Reel Madness Film Festival*.

Dr. Harry Karlinsky

Director of Continuing Professional Development,
Dept. of Psychiatry, UBC.

Study Credits: Eligible for 2.5 hours MAINPRO-M1 credits and Sections 1 of the Maintenance of Certification program.

Annual Clinical Day June 14TH

This screening of *Completely Cuckoo* represents the closing activity of UBC's Dept. of Psychiatry Annual Clinical Day, held from 8:00 am to 4:30 pm at UBC Robson Campus. For more information about Clinical Day, call (604) 822-7610

Stay Tuned!

Monthly Mental Health Film Series

Coming in Fall 2002

FALL 2002:

UBC's Dept. of Psychiatry Continuing Professional Development program and Pacific Cinémathèque will launch a **Monthly Mental Health Film Series**.

LEARNING OBJECTIVES:

To utilize films and videos to promote professional & community education of issues pertaining to mental health and illness.
