MY ARCHITECT

A MAN, HIS BUILDINGS, HIS SECRET LIVES.

Such an interesting journey! Well made and such a fascinating look at a gifted, driven man, his stange family life, and into the importance of monumental architecture - the capital of Bangladesh is looked at near the end. Here's the 'bastard' son of a man whose three families showed up at his funeral who is on a 5 year quest to understand his late father. Who needs fiction when there are real stories like this?
