

MOVIE MONDAY'S THURSDAY MOVIE on 3B

"3B Movies

on the BIG screen"

THURSDAY Dec 2 6:30

George Lucas and Ron Howard teamed up on an original dude-goes-on-epic-adventure tale, this time having a 'Nelwyn' named Willow (ex-Ewok Warwick Davis) finding a baby in a river, whom he must then protect from the evil Queen Bavmorda (Jean Marsh). She is seeking the baby to destroy her thanks to the classic she-will-grow-up-to-destroy-me prophecy. Willow teams up with a half-crazed human named Madmartigan (Val Kilmer), rescues a shape-changed sorceress, battles a two-headed dragon (allegedly named 'Eborsisk' after a certain powerful pair of film critics) and converts the evil queen's daughter (Joanne Whalley) from the dark side, all in two short hours.
