Hallowe'en

Set in a 19th century European village, this stop-motion, animated feature follows the story of Victor (voiced by Johnny Depp), a young man who is whisked away to the underworld and wed to a mysterious Corpse Bride, while his real bride, Victoria, waits bereft in the land of the living. Though life in the Land of the Dead proves to be a lot more colorful than his strict Victorian upbringing, Victor learns that there is nothing in this world, or the next, that can keep him away from his one true love. It's a tale of optimism, romance and a very lively afterlife, told in classic Tim Burton style.

A WORK IN PROGRESS

A wonderful documentary about the Greater Victoria Youth Orchestra; the bright and eager young players, dedicated parents, and the conductors who mentor them to give their best. Especially touching is the deep commitment of the inspired János Sándor, who led the process for 15 years, as he challenges the players through his final season with them. 42min 2011 GBy Victoria director David Springbett, Asterisk Productions 2011 42min PG

Woody Harrelson is a construction worker by day, self-made superhero by night in Defendor, a comedy that takes aim at society's infatuation with comic-book mythologies. I was reminded of this film by a recent Jian Ghomeshi interview (<http://www.cbc.ca/q/episodes/> Oct 21 @ 16:42) with a filmmaker who has found a number of self-proclaimed "real life superheroes" just like Defendor, aiming to make the streets safe for the innocent public. It can be a difficult calling! It's a weird combination of comedy, dark drama, filmed in Hamilton (Hammertown) ON. 2009 101min R Some language, violence, sexual content and drug use

"EVERYDAY SUNSHINE is a documentary about the band Fishbone, musical pioneers who have been rocking on the margins of pop culture for the past 25 years. The band rose to prominence, only to fall apart when on the verge of "making it." At the heart of the film's story is lead singer Angelo Moore and bassist Norwood Fisher who show how they keep the band rolling, out of pride, desperation and love for their art. Norwood and Angelo are challenged to re-invent themselves in the face of dysfunction and ghosts from a painful past." 2010 107min Pg13 Language
We'll have co-director Chris Metzler and Fishbone's eccentric co-founder Angelo Moore with us for a Q&A by telephone!

BATTLE OF BRITAIN

Not the old 1940 classic but a 2010 documentary with Ewan MacGregor and his aviator bro Colin (who flew combat over Iraq) looking into that remarkable history. It's such a brilliant take on the story: bright, modern day blokes who were, as kids, inspired by these brave flyboys (those who inspired Colin to become an RAF pilot). They fly historic planes, meet the veterans, explore the tactics and technology mixed with amazing archival footage. 90min 2010 Pg
