

MOVIE MONDAY'S THURSDAY MOVIE on 3B

March 10 6:30

Truman Burbank is a normal man, living in a normal town. He grew up to be a desk clerk for a insurance company, living an ordinary life, having an ordinary wife, an ordinary neighbour and an ordinary bud, who pops in from time to time with a sixpack. But Truman is not happy with his life. He wants to see the world. He wants to get away from his happy-happy, ever tidy, nice'n'shiny little island town at the seaside. His "father", Christof, a reckless TV-Producer whom he never met, made up the Truman Show - the greatest show on earth - a show in which life is 'live'.

One day, Truman accidentally bumps into a catering area backstage and gets pretty suspicious.

Jim Carrey is brilliant in this story that won the deserved Best Screenplay Award at that year's Oscars
